Land Code & Law Feedback Feedback from member engagement

The final Land Code and Laws engagement session will be held at the KFN Health and Community Centre in the Gymnasium, on January 28th from 5:00pm - 8:00pm, and will be open to members from all of the IR1, IR2, IR3, and off-reserve members. We want to share back what we have heard from you, and check to see if we have gotten it right.

Session includes dinner & refreshments.

Join us at the final session, where we will have draws for gift cards and the Grand Mystery Cash Prize Draw!

More details on page 7

Katzie Wharf Project

We are excited to announce that construction on the Katzie Wharf Project will begin on January 20th, 2025. This project will replace the current wooden Wharf with a new, expanded concrete and steel structure, and will shift the entry from Bonson Rd to Katzie Rd. Fraser River Pile and Dredge will manage the construction, which includes removing the existing pier, docks, and piles, then installing new ones. The portion of River Rd between Bonson Rd and Katzie Rd will have partial and full closures during construction, and traffic will be redirected via Wharf Rd, Walter Florence Rd, and River Rd. Residents should maintain a 65ft distance from road corners along the construction route and keep the sides of roads clear for construction traffic. We are committed to minimizing impacts and keeping the community informed throughout the process.

For more info see pages 2 - 6

Has your address changed recently? Please make sure to update us at reception@katzie.ca or Jamie@katzie.ca so you don't miss out on any important information, distributions, or mailings.

KATZIE WHARF PROJECT BEGINS!

We are excited to announce that work on the new Katzie Wharf Project will begin soon!

As per ongoing communications, this is an important project that will bring significant benefits to Katzie membership. This project involves the replacement of the existing wood Wharf with a new, expanded Wharf made of concrete and steel. The entry will be moved from Bonson Rd to Katzie Rd.

Construction starts **Monday, January 20th, 2025**, with the extraction of the existing pier, floating docks, and piles, followed by installation of new pilings, floating docks and construction of the new pier.

Fraser River Pile and Dredge will handle the construction, we are working with the contractors to ensure that any impacts on members from this project are kept to a minimum. A map showing the construction area and traffic impacts is attached. Please note the following:

Road Closures

The portion of River Rd between Bonson Rd and Katzie Rd will see partial and full closures throughout the construction period. The specific dates of the closures will be provided closer to the construction date.

Our team recognizes the amount of work occurring in the Nation and will work to ensure membership is informed and that traffic impacts are minimized between projects through advance notice and coordination. Please note that the Wharf Project Traffic Management Plan has been reviewed and approved by Chief and Council.

Roads to remain clear to accommodate Construction Traffic (January 16th to March 31st, 2025)

Construction Traffic will enter IR-1 via Wharf Rd, then onto Walter Florence Rd, then onto River Rd, and exiting up Bonson Rd.

- Residents must keep a 65ft (20m) distance from road corners along the construction route.
- Additionally: vehicles, equipment, RVs, trailers, and other items are to be kept off the sides of Walter Florence Road, and River Road, and at the south base of Katzie Road.

If there are any questions or concerns about the upcoming project, members can contact the Katzie First Nation Infrastructure Department, Wharf Project Team at wharfproject@katzie.ca.

Sincerely,

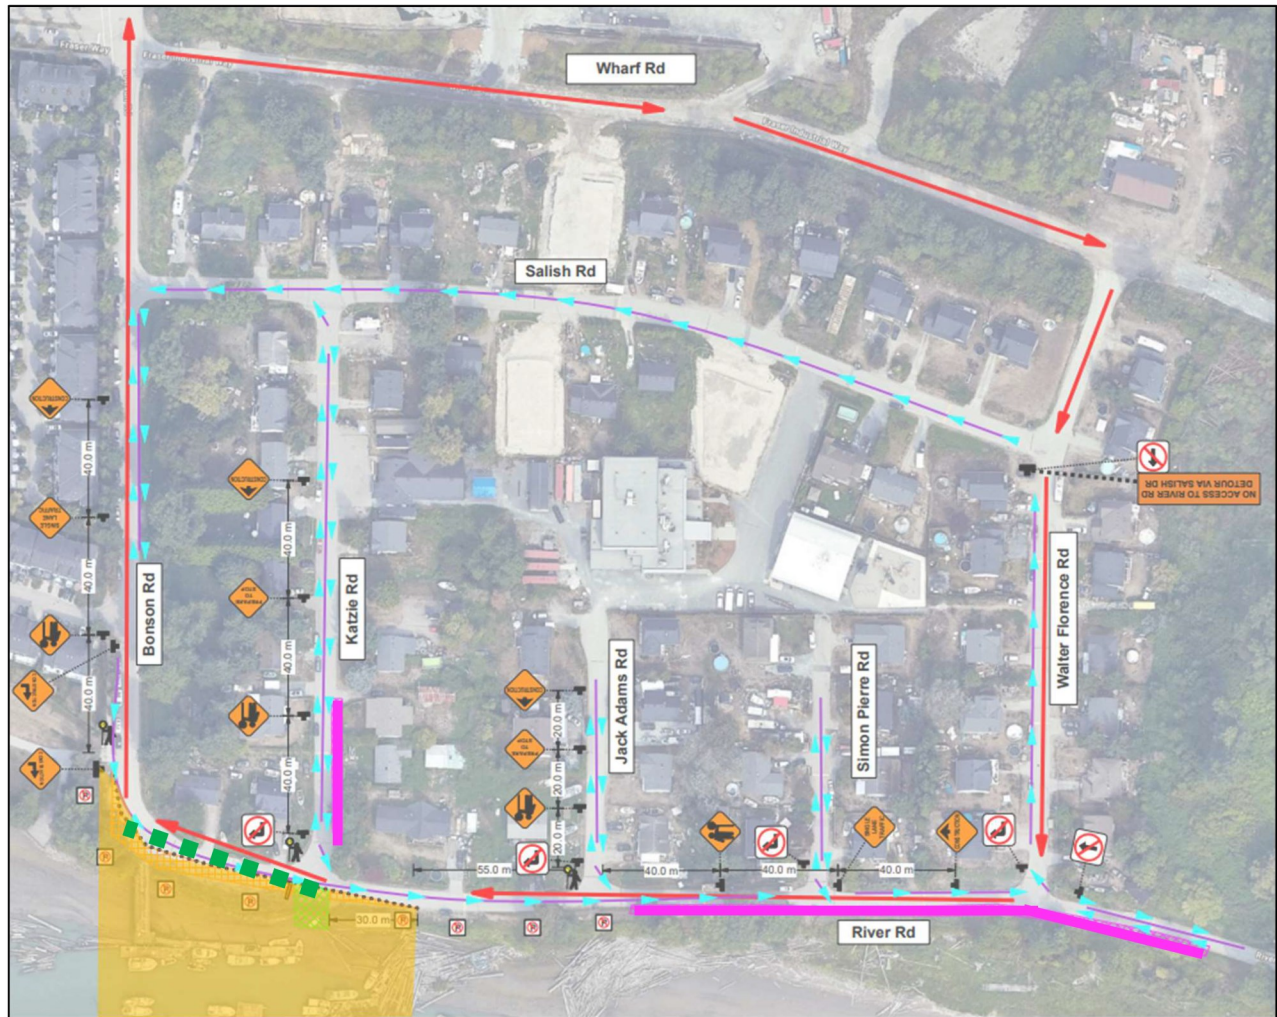

Katzie First Nation Infrastructure, Wharf Project Team

Land Code & Law Feedback

FEEDBACK FROM MEMBER ENGAGEMENT

What is the Katzie Land Code, and how does it benefit Katzie First Nation?

Approved in 2017, the Katzie Land Code replaces 44 sections of the Indian Act. The Katzie Land Code enables KFN to resume authority to govern their lands and create laws. Since 2017, Katzie has developed and implemented Katzie Laws to mitigate negative impacts due to past poor management of Katzie Lands under the *Indian Act*.

Why are we encouraging discussion about the Land Code?

Katzie's Chief and Council hope to share information and seek member input regarding the purpose of the Katzie Land Code and Laws to encourage meaningful discussion on what members believe is working well and what is not and to discuss possible solutions.

The final Land Code and Laws engagement session will be held at the KFN Health Center Gym, on January 28th from 5pm-8pm, and will be open to members from all of IR1, IR2, IR3, and off-reserve members. We want to share back what we have heard from you, and check to see if we have gotten it right.

SESSION INCLUDES DINNER & REFRESHMENTS!
