PROVINCIAL ELECTIONS

Provincial elections are coming up and this is why its important to vote. if you have any follwing questions please contact elizabethroseflorence@gmail.com

WHAT IS PROVINCIAL ELECTIONS

The Provincial or Territorial government hold the authority to make decisions which effect the entire province or territory but not for the rest of Canada. We have provincial elections so that the elected leader can make changes for our province as a whole. This entailes things such as health, transportation, labour, child welfare, education, property and civil rights.

WHY IS IT IMPORTANT TO VOTE

Every election affects each person whether its Provincial or Federal. Its important to vote because the person elected is making decisions that effects us all. Many people seem to think that their vote won't matter but with the more people that start to vote, it could create a different outcome. Change comes from the people and if you feel you want change within our province I would suggest registering to vote.

INCLUDING INDIGENOUS COMMUNITYS

Indigenous people have experienced exlussion for many years, In 1995 Elections BC was established and they would like to have meaningful engagement within the indigenous community and help with any barriers that prevent people from voting. They also would like to share information about voter registration, voting opportunities, as well as job opportunities.
