

Firewood Availability - Expression of Interest

As colder days approach, please review the update from the Referrals department regarding firewood for elders and members with woodstoves. The UBC Research Forest will be reserving blocks of firewood specifically for Katzie.

Please note that there is only a limited amount of firewood, and may be the only opportunity for dry firewood this year. *Find more details on pg. 3*

Dry Firewood available for Katzie Households

UBC Research Forest has put aside blocks of firewood for homes with woodstoves.

Last year we had Katzie people looking for dry firewood in the cold of winter when dry wood is hard to come by. This year we would like to be proactive by providing people with the opportunity to prepare for winter months ahead of time. The blocks that we have arranged are dry.

We are hoping to have two types of fire wood delivery programs:

- Option 1 Elders and Accessbility Roma will arrange for cut wood to be
 delivered by the KFN Public Works Maintenance crew to the homes of Elders
 and/or members with barriers that have contacted us.
- Option 2 For all others Roma will arrange with the KFN Public Works
 Maintenance crew for blocks of wood to be available for pick-up by Katzie
 members on IR1, and members will be responsible for transporting the wood
 to their homes. Katzie is also not able to provide cutting for this wood.

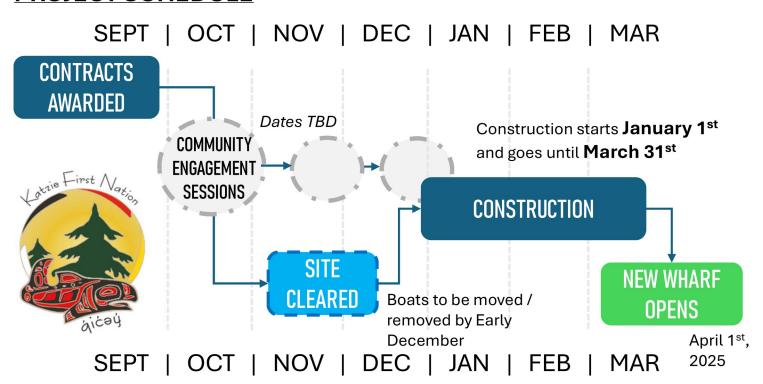

Please note that we have a limited amount and this may be the only opportunity for dry firewood this year. We want to encourage Elders and/or members with barriers that will be needing firewood this winter to let us know so that we can make the necessary arrangements.

We are asking for an Expression of Interest, and if you are interested in being a part of the firewood program, please contact roma@katzie.ca or call 778-227-2751 to sign up and please provide the following, name, contact number, email address, and the option (1 or 2) of acquiring firewood that interests you.

Chief and Council and KFN staff have been diligently working to finalize the bidding and financial processes for the new wharf construction. We appreciate your patience. Construction is now moving forward with a target completion date of March 31, 2025. Information related to upcoming community engagement sessions and project stats will be provided here, stay tuned for more details! - *Karen McKay (General Manager)*

Please Support Keeping Our Community Clean and Fresh!

Proper Fish and Meat Waste Disposal: Why It Matters

- Improperly disposed of Fish entrails and/or leftover meat waste can attract pests and create unpleasant odors.
- This poses a risk to our environment and health.

What You Can Do With Fish Scraps

- Use it as bait! Freeze the scraps as chum for your next trip.
- Compost! Fish scraps are excellent for composting.
- Properly dispose of in the river as an offering.

What You Can Do With Meat Waste

Seal meat waste tightly in plastic bags before discarding.
