ATTN IR#3 RESIDENTS
(or anyone travelling to Barnston Island)

We have just received the following notice:

Metro Vancouver has hired ValleySide Contracting Services to supply and stockpile rock, gravel, and sand on Barnston Island in the event of an emergency related to the dike. Stockpiling of materials on the island was identified as a priority in the 2023 Barnston Island Dike Assessment Update.

The materials will be stockpiled on Metro Vancouver Regional Parkland off of Centre Road. The work will involve several trucks per day during daylight hours travelling on the ferry and will take place between Monday, April 13 and Friday, April 24.

To reduce congestion and avoid operational delays related to the ferry, loaded trucks will arrive in a staggered manner during the following non-peak hours: 09:00 – 14:00 or after 16:30.

Metro Vancouver staff and its contractor will work with Western Pacific Marine and the Ministry of Transportation and Infrastructure to minimize impacts to residents during the work.

If you have any questions, please contact:

Tom Pearce, Regional Planner (Electoral Area A), by email at tom.pearce@metrovancover.org or by phone 604-432-6383; or Marcin Pachcinski, Division Manager (Electoral Area A), by email at marcin.pachcinski@metrovancover.org or by phone at 604-240-0882.

Speed Bump Repainting

Expect Minor Traffic Delays

The Public Works Team will be repainting 18 speed bumps throughout IR 1, IR 2 and IR 3 during the few months the date will be posted once confirmed.

While this work is underway, members may experience short traffic delays. Each speed bump will take about 10 minutes to dry, and crews may need to briefly hold or slow traffic to ensure everyone's safety.

Thanks you for your patience and understanding as we complete this maintenance to keep our roads safe and visible

**Regarding the
Billboard Sign on IR3
at Tetoten
Community Centre.**

For safety reasons, the billboard sign at Tetoten Community Centre has been removed.

A new sign will be installed as soon as the Maintenance Team is able to complete the work.

HSP Renovation Update!

We would like to provide an update on the progress of renovations under the Housing Support Program (HSP)

The Housing Department has been working hard on the required steps to move HSP renovations forward. Over the last couple months this work includes navigating recent staffing changes, scheduling and completing dozens of home inspections. These inspections will assist us in developing detailed scopes of work for each home, obtaining contractor bids, and hiring qualified contractors to complete the renovations.

Each of these steps is necessary to ensure the work is completed safely, fairly, and to a good standard.

We are pleased to share that funding has been secured for the next round of homes approved for renovation. Individual households will be contacted directly when specific timelines and next steps are confirmed for their home.

For homes that have recently had inspections completed, funding applications will now need to be finalized and submitted as part of the process before anything else can begin.

We understand that waiting can be difficult, and we sincerely appreciate your patience and cooperation as we work through this process. Thank you for your understanding as we take the necessary steps to move these important projects forward.

Ongoing updates and general progress information will continue to be shared through the HIP Newsletter and on Facebook.

If you have any questions or concerns related to the HSP renovations, please contact the Housing department at housingsupervisor@katzie.ca
