- ✓ Avoid swatting at or provoking wasps.
- ✓ Give wasp nests plenty of space and do not disturb them.
- ✓ Keep food, sugary drinks, and garbage covered when outdoors.
- ✓ Report large nests in public areas to the appropriate maintenance staff.

Wasp Safety Tips

- Wear shoes when outdoors, especially around picnic areas and gardens.
- Check drink containers before taking a sip outdoors.
- Exercise caution around garbage cans, compost bins, and outdoor eating areas.
- Wear light-colored clothing and avoid strong perfumes or scented products when spending time outside.
- If a wasp lands on you, remain still and allow it to fly away.

If You Encounter a Wasp Nest

- Do not attempt to remove or destroy the nest yourself.
- Keep children and pets away from the area.
- Contact qualified pest management professionals or maintenance staff if the nest poses a safety concern.

Attention Anglers,

We've been made aware that the railing on the wharf has been used for lifting heavy items. For safety reasons, please do not use the railing for this purpose.

HSP Renovations

The Housing Department continues to move forward with the Housing Support Program (HSP) renovations.

Inspections, energy efficiency audits, contractor walkthroughs, and bid reviews have all been completed for approved homes!

The goal of this work is to improve the safety, functionality, and energy efficiency of homes while ensuring repairs are completed in a fair and organized process. Due to staffing capacity and the amount of work involved in each home, timelines can sometimes move slower than anticipated, but progress is continuing behind the scenes.

The Housing Department appreciates the patience and cooperation of members throughout this process and remains committed to improving housing conditions for our community.
